

# Golden Rules for the Global School

**B**ullying, lying, teasing, stealing—there should be a rule against these things! Well, there is. It's called the Golden Rule, and it's taught by the major world religions. Although the words each faith uses are different, the idea is the same—to treat others the way you'd like to be treated.

Sometimes, it may seem as if not many kids at school know this rule. But when you're friendly, helpful, and respectful of everyone, you might be surprised at how other kids react. They might even follow your example. How many ways can you practice the Golden Rule in one day?

On the posters, some words are missing from the Golden Rule teachings of various religions. Find the words in the class, then write them in the blanks.
